

Aerospace Performance Improvement

IAT+AENOR is an EAQG Partner as one of Services Provider organisation selected by EAQG (the European Aerospace Quality Group) to be part of its Services network platform named API (Aerospace Performance Improvement).

EAQG as the Quality body of ASD (the AeroSpace & Defence Industries Association of Europe) and the European sector of IAQG (the International Aerospace Quality Group) is representing the European Aerospace & Defence Industry Quality community.

The goal of API is to provide the entire Aerospace & Defence Supply Chain with services aiming to deploy the implementation of IAQG initiatives within the Supply Chain to improve the performance of the whole Aerospace & Defence industry.

As API Partner our services quality are assessed and periodically checked by an oversight made by the EAQG organization through their Industry experts.

Services covered by **IAT+AENOR** are linked to IAQG initiatives (Deployment of IAQG standards / guidelines) to increase the robustness of IAQG best practices implementation.

TRAINING

- EN 9100: Quality Management in the aerospace sector
- UNE-EN 9110: Quality Management in the aeronautic maintenance
- Six Sigma Seminary for managers
- Implantation of an indicators system
- Projects direction and management
- How to implant a R&D&I management system
- Quality system auditors training
- Client satisfaction measuring
- ISO 9000 Intensive Course
- Quality Audit. Methodology
- Environmental Management system
- Integrated Management Systems Internal Audits
- Process oriented Management

- Measuring Processes, Objectives and Indicators
- Health & Safety integration with the process oriented Management Systems
- Persons Development according to the Competencies Model
- Knowledge Management
- Evaluation Methods through the EFQM Model
- Advanced Application of the Evaluation Methods through the EFQM Model
- Value Management
- Lean Manufacturing Methodology

CERTIFICATION

- **QUALITY**
ISO 9001:2.000
- **AEROSPACE SECTOR**
EN 9100
EN 9110
EN 9120
- **AUTOMOTION SECTOR**
QS 9000
VDA 6.1 & VDA 6.4
ISO/TS 16949
- **ENVIRONMENT**
ISO 14001
EMAS
- **HEALTH & SAFETY**
OHSAS 18001
- **RESEARCH, DEVELOPMENT & INNOVATION**
UNE 166.001
UNE 166.002

R&D&I

- Support participation in R&D&I national projects
- Support participation in R&D&I international projects
(FP7, EUROSTARS, LEONARDO, INTERREG, etc.)
- Implementation of R&D&I national projects
- Implementation of Simulation and Industrial Design projects

ON SITE SERVICES

- Innovation projects
- Lean Manufacturing
- Value Management
- Six Sigma
- Knowledge Management
- Supply Chain & Logistic
- Continuous process Improvement
- Risk Assessment
- Key performance indicators
- Management tools
